TWO PIONEERS HAVE EXPIRED

Mrs. Martha Cook, Age 94, is Dead Here, and Dr. I. N. Harris, Age 84, Succumbs at Columbus, O.

LATER'S FUNERAL HERE

Mrs. Cook had Interesting Life, Attending First Log School and Friends Church at Spiceland

Mrs. Martha Unthank Cook, familiarly known as "Grandma" Cook, a pioneer resident of eastern Indiana, died last night at 11:30 o'clock at the home of her daughter, Mrs. Lon H. Havens, 637 North Main street, following a long illness from senility. Mrs. Cook had been compelled to remain in bed for the past twenty-nine weeks suffering from exhaustion incidental to her advanced age and while her death was expected it never-the-less came as a shock to a large circle of friends and relatives.

Mrs. Cook would have been 95 years old had she lived until September 14. She was born at Greensborough, Gilford county, North Carolina, September 14, 1881. She moved to Indiana at the age of twelve years, settling in Henry county with her parents. While in North Carolina she was a school-mate of Joseph G. Cannon, congressman from Illinois.

She was married February 26, 1840 to Thomas Cook. Her husband died February 6, 1899 in this city. Mrs. Cook attended the first log school and the first Friends' church at Spiceland and lived to see all the other churches erected there and saw the Spiceland academy take the place of the first log school house.

Mrs. Cook moved here from Spiceland and had made her home with her daughter for several years. Mrs. Cook enjoyed an active life and up until a year or two ago continued her needle work. Mrs. Cook was a life long member of the Friends church. She is survived by three children, Robert Cook of St. Louis, Mrs. W. W. Gregg of Illinois and Mrs. Havens.

The funeral services will be conducted Friday morning at 10:30 o'clock at the Havens residence by the Rev. H. Hole of the Friends' church of Carthage assisted by the Rev. W. M. Whitsitt. Burial will take place in East Hill cemetery.

Dr. I. N. Harris

Dr. I. N. Harris, age eighty-four years, formerly a dentist of this city, died at his home in Columbus, Ohio, yesterday afternoon of paralysis. His demise had been expected for several days because of his critical condition and relatives here kept in close touch with his daughter Miss Roberta Harris, who was caring for him. Dr. Harris left here five years ago.

The body will arrive here Thursday afternoon at 2:52 p. m. over the C. I. & W. railroad and will be taken directly to the First Presbyterian church where the funeral will be held at 3:30 o'clock. Burial will take place in East Hill cemetery. A brief history of the life of Dr. Harris has been prepared by a member of the family as follows:

Isaac Newton Harris was born in Pittsburgh, Pa., July 7, 1832, and when quite young caught the spirit to go westward and located in Rushville, which was then but a village.

He went to school in the old Rushville Seminary, which still stands in East Third street, the late Judge Bigger being one of the instructors.

Later on Mr. Harris studied den-

COURT LIBRARY ENLARGED

Hallway Back of Bench is Taken in and New Doorway Cut

The work of remodeling the court library has been completed and the improvements cause many favorable comments from the attorneys. The old hallway leading to the court room from the Judge's private office has been taken into the library and now the only hallway is the one leading to the judge's office from the main corridor. Three windows have been placed back of the bench and a door has been added leading from the library. The three windows back of the bench afford fine ventilation.

DATE FOR CATHOLIC CARNIVAL IS FIXED

Announced Today That it Will be Held in Park Back of Church July 25 to 29 Inclusive

TO OFFER MANY ATTRACTIONS

The twelfth annual Catholic carnival will be held this year July 25 to 29 inclusive. As in years past the fair will be under the auspices of the young men of the church and will be held in the Catholic park.

The carnival will consist of many of the well known attractions such as the band concert, the merry-go-round, bowling alley, country stores and refreshment stands. This year the ladies of the congregation will conduct an exchange starting each afternoon at five o'clock. They will also have charge of the fancy booth where all hand-made articles may be procured.

One of the features will be the sketches put on by the dramatic club. Several amusing short dramas have been secured and a change of program will be given each night. The executive committee has started work on the plans and hope to make this carnival the best ever held.

DRY WEATHER PLEASES FARMERS

It is Favorable to Wheat Crop and Corn Will Grow Without Rain Until Ears Form

MILLS OFFER \$1 FOR WHEAT

The present dry weather will not retard the growth of corn in this vicinity to any great extent is the opinion of local persons who are familiar with the condition of the crop. According to them the corn will grow without the rain from now on until it begins to ear, and then rainfall is essential.

Dry weather at present, however, is favorable to the wheat crops. Last year rains in July and August caused a great loss in the wheat crop but if the present dry spell continues for another week it is probable that the entire crop will be harvested without rain loss. So far this year no farmers have made any arrangements with local mills for the selling of their wheat crop. The local mills are offering \$1.00 for new wheat.

NINE ROOM FARM HOUSE BURNS DOWN

Large Country Home North of City is Destroyed by Fire Starting in Defective Flue

ON THOMAS MCMANUS FARM

Fire starting from a defective flue resulted in the destruction of a nine room house on the Thomas McManus farm, north of the city Tuesday afternoon. The house, which was located on the old Dillon place, was occupied by James Stevens and family.

The men were all out in the fields working and when Mrs. Stevens discovered the fire it had gained great headway. In fact, by the time help was called the house was on fire to such an extent that very little of the household goods were saved.

When it was seen that it was impossible to save the house the men then turned their attention to the barn. The roof of the barn was on fire several different times but by heroic work it was saved. There are two barns at the McManus farm close together and one is practically new. Mr. McManus was unable to estimate his loss today. He carried some insurance but did not know the exact amount.

SISTER SHIP IS NOW ON THE WAY

Bremen Line Submersible Like Deutschland Starts Maiden Voyage to United States

DEUTSCHLAND TO LEAVE SOON

(By United Press.) Baltimore, July 12.—The Bremen, sister ship of the great German submarine Deutschland, is now at sea, it was learned officially today. Where she will dock and when is being kept secret. It is expected she will reach the United States within two weeks.

The Deutschland will lose no time in leaving Baltimore enroute back to Germany, Captain Koenig, said this afternoon. It is believed he will leave here Saturday or Sunday, going to Norfolk to complete his cargo. It is known that the allied net outside this harbor is being drawn tighter each day by the arrival of more vessels.

MEXICAN FIGHT REPORTED

Carranzistas Under General Garcia Attack Villista Column

(By United Press.) El Paso, Texas, July 12.—A battle which is believed still raging began in Durango today with an attack by Carranzistas under General Garcia on a Villista column.

Unconfirmed reports were received here today that General Enriquez, sent by war minister Obregon, to replace General Trevino of the northern Carranzista army, had been captured by Villistas and executed.

Five companies of Massachusetts infantry were sent out to patrol stations along the border today, relieving the detachments of the Eighth cavalry.

TEARS DOWN SOME BARBED WIRE FENCE

Bert Moorman Has to Chose Between Hitting Back End of Buggy and Taking to Ditch

ARM CUT; LITTLE DAMAGE

Rather than run into the back end of a buggy with his motorcycle, Bert Moorman chose the ditch and picked a place to fall. The accident happened near the Cliff Winship farm south of Rushville yesterday evening about five-thirty o'clock. Mr. Moorman tore down four sections of barbed wire fence and in the process of tearing also damaged himself to some extent.

His left arm was the worst cut by coming in contact with the barbed wire. It required eight stitches to close the various wounds. Mr. Moorman also sustained a slight cut on one of his legs. The motorcycle was not badly damaged.

Mr. Moorman was returning from a trip to Gwynnville, St. Omer and St. Paul. The dust was thick and he did not see the buggy until it loomed up in front of him. There was a motorcycle with side-car attachment going around the buggy at the same time and Mr. Moorman had to chose between going into the ditch and hitting the buggy.

EVIDENCE BAD FOR DR. BUNCH'S CASE

R. B. Crabbs, Former Hanger-on Administration, Says Mayor Accepted Bribes

HE KNEW OF CONSPIRACIES

(By United Press.) Muncie, Ind., July 12.—Damaging testimony against Mayor Bunch in Crabbs' trial for conspiracy to solicit and accept bribes was today given by Robert B. Crabbs, a former administration hanger-on, and who has broken with the mayor.

Crabbs testified that Bunch received money from "blind tiger" operators, that he was cognizant of an alleged bribery of a grand jurymen and that he conspired with the former deputy prosecutor, Gene Williams, to raise the price of beer in Muncie to \$6.50 a barrel so that bribes might be solicited direct from the brewery agents.

C. N. BLISS IS TREASURER

Will Fill Post on Republican Committee Held by Father

(By United Press.) New York, July 12.—Cornelius N. Bliss, son of the late treasurer of the Republican National committee, was today named to the post formerly occupied by his father and will direct the financing of the coming campaign of Charles E. Hughes for the presidency. Fred W. Utham of Chicago was named assistant treasurer.

Chairman Wilcox today issued a call for a meeting of the campaign committee here with Hughes on July 20. It appeared certain today that July 31 will be agreed upon as the date when Hughes will be notified of his nomination.

OVERTHROW IS PREDICTED

Hollweg, Champion of Present Policy Towards U. S. Loses Ground

(By United Press.) Berlin, July 12.—Overthrow of Chancellor Von Bethmann Hollweg, champion of a conciliatory policy towards the United States and the unloosing of German submarines within three months was predicted by Von Tirpitz's supporters here today unless President Wilson acts against the British blockade.

Members of the Conservative party and those favoring annexation of territory conquered by Germany joined in the forecast.

(By United Press.) Fort Benjamin Harrison, Indianapolis, Ind., July 12.—A train bearing the last of Indiana's 4,000 soldiers which a week ago completed mobilizing at Camp Ralston was scheduled to leave Fort Harrison at four o'clock this afternoon.

Field hospital company No. 1 largely of Indianapolis, and ambulance company No. 2, recruited at Logansport, Marion and Frankfort since the militia call was issued, began entraining at 8 o'clock this morning. ASKED TO GREET ROTARIANS HERE

Business Men are Urged to Turn out When Clubmen Pass Through Here Next Monday Morning

ON THE WAY TO CINCINNATI

Indianapolis Delegation Going to National Convention Will Have 300 Automobiles

The Rushville business men have been asked to turn out and greet the members of the Indianapolis Rotary club next Monday morning. The club will pass through here enroute to the National Rotary club convention at Cincinnati and a brief stop will be made here.

The Chamber of Commerce will likely tender a reception to the Indianapolis visitors. Information received here today stated that the Indianapolis Rotarians would make the trip in 300 automobiles and this sight alone should create sufficient interest to warrant a large crowd turning out and greeting the visitors.

The Indianapolis club will be accompanied by a big band and the parade will be worth seeing. The Rushville merchants may decide to meet the caravan at the outskirts of the city and escort them to the business district. The Indianapolis crowd will leave Indianapolis at 8:30 o'clock Monday morning and are scheduled to arrive here at 11 o'clock. Definite arrangements for the event locally will be made within a few days.

The route leads through this city, Connersville, Brookville and on to Cincinnati. Connersville is also preparing to welcome the Rotarians. If the crowd comes up to expectations it will number between 1,000 and 1,500 men and the parade of 300 machines should prove an interesting sight.

As the Indianapolis visitors go from here to Connersville the north steps of the court house, it is pointed out, would be an ideal place to hold a brief ceremony. The Indianapolis Rotarians are going to boost for Indiana at the national convention and will have one of the largest delegations at the meeting.

STEAM ROLLER IS GOING ON SCHEDULE

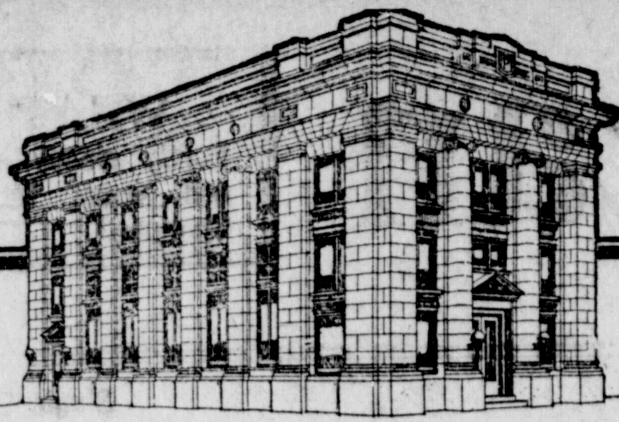

Lull in Fighting on Somme Front Today Marked Down on Allied Time Table

ENEMY ATTACKS REPULSED

(By United Press.) Paris, July 12.—The allied great steam roller is moving eastward through the German lines exactly on schedule time.

The lull in fighting on the Somme front, reported in today's official statement, was marked down in advance on the time table of the allied offensive. The highest French military authorities declared today that the offensive is proceeding with all the mathematical exactness with which it was originally planned.

General Haig this afternoon reported that German troops regained some lost ground last night east of Albert but elsewhere the enemy attacks were beaten off with heavy losses.

tistry in Madison, Ind., and began his practice in Rushville, where he continued until the close of his professional career.

Dec. 18, 1861, he married Mary Jane Moffett, who passed away in Columbus, Ohio. Six children were born by this union, L. B. Harris, Moffett, Roberta, and Mrs. I. H. Plaffin who survive. He leaves also 2 grandchildren, Paul Harris and Roberta Plaffin, and one great-grand child, Ben.

Dr. Harris united with the First Presbyterian church of this city, in 1870, and for many years was active in the Marsonic lodge, and loved its symbols and ritual.

Nov. 5, 1910, Mr. Harris was stricken with paralysis from which he never recovered, his death was due to successive attacks.

Although Dr. Harris has resided in Columbus, Ohio, since 1911, he always regarded Rushville as his home, and his death removes another of the oldest citizens, who was identified with the earlier inhabitants and who contributed his past toward its development.

Amusements

Annette Kellermann will be seen in the spectacular pictorial triumph "Neptune's Daughter," at the Gem today. In presenting Annette Kellermann, "the perfect woman" in the massive production in eight parts, The Universal Film Mfg. Co., believes that it has uttered the last word in motion picture art. The wondrous beauty of the story written by Capt. Leslie Peacocke, the enchanting scenes afforded by the Bermuda Islands with their coral reefs, etc. and the company of over 1,000 players headed by Miss Kellermann, who aside from her marvelous aquatic feats, proves to be a wonderful actress; the masterly staging by Herbert Brenon, one of the world's greatest directors;—all these are factors which help to make "Neptune's Daughter" a play long to be remembered. The production cost the Universal \$50,000 and was three months in preparation.

The Princess offers the five act drama "The Galley Slave" for the program tonight. Theda Bara, Stewart Holmes, and Clara Whitney are featured. It is a powerful drama of human interest. Miss Bara leaves the part of the vampire in this picture and takes the part of an abused wife. She is said to be just as big a success in this kind of a role as that of the vampire. Tomorrow a double program will be given including the five act drama "The Golden Claw" and the comedy "The Best of Enemies." Weber and Fields, the famous comedians are featured in the comedy.

WIFE TOO ILL TO WORK IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the house-

work and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana. There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. Taking the Home Paper.

Do you know of a person in this whole community who would be willing to go through life month by month and year by year without a knowledge of the news features of the county in which he resides? Would you like to be that person? It is difficult to convince the average reader of the real value of his home paper unless he has at some time or other been forced to do without it. Then it is that its value is brought home to them. Most people subscribe for the home paper, read it, enjoy it, and absorb the news it contains as a matter of course, giving

ing scarcely a thought to the vast amount of labor entailed in the production of the issue. And yet that issue means a tremendous concentration of thought and energy and perseverance on the part of the entire force of employees.

It is very much to be hoped by the people of Indiana generally that the epidemic of infantile paralysis does not spread to Indiana. The disease is not new to this state, but it has never reached the alarming stage that prevails in New York, where, with the best health department in the world, the disease continues to spread in spite of the efforts of officials. The Indiana state board of health is to be congratulated on acting quickly to arouse the Hoosier public to the seriousness of the epidemic so that it may be prevented here if possible. The large percentage of fatalities attending the disease strikes terror to the heart of people. It has repeatedly been stated that he germ causing the disease has been isolated, but this has just as many times been disproved so there is nothing to do when a case develops but to nurse it carefully and use every means known to the medical world to prevent its spread.

Swager Sherley, of Louisville, Ky., is another Democrat who is reported to have decided to desert the sinking ship and retire from politics. Mr. Sherley will have completed his seventh term in Congress next March. He is the ranking Member of the Appropriations Committee of which John J. Fitzgerald is Chairman. Sherley is a dyed-in-the-wool Democrat, but the vagaries of his party and the changeable mind of his chief, Woodrow Wilson, are said to be responsible for Sherley's proposed retirement.

Rushville People Should not Delay

If your kidneys are inflamed, Don't stand around and do nothing.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. MOVIE ACTORS AT CONVENTION

Chance to Meet Your Favorite on the Hoof if You Are Going to Chicago Soon.

PRODUCERS BACK MOVEMENT

Plan Campaign Against Censor Claiming Theatres do Not Have to Stand For it.

(By United Press.)

Chicago, July 12.—Here's your chance to meet your favorite movie actor on the hoof. The exposition of the Sixth Annual convention of producers and actors and actresses of the screen opened in the Coliseum here today.

The convention—the business part of the meeting—closed yesterday. The exposition will continue until July 18.

The movie men's exposition is to be given over to the public and the public's favorite stars. Your favorite—whether Bushman, Pickford, Chaplin, Bayne, Stewart, Clark, Dawn, or anyone of scores of others—will be here to meet you in the flesh.

The players will pose and their pictures will be shown at the Coliseum within 24 hours after taking. Everybody is going to dance: public, stars, producers, exhibitors, all. Exhibitors will get acquainted with producers, the public will meet its stars; in fact it is going to be a real gettogether meeting for those of, by, or for motion pictures.

Each day the crowd will be taken to some motion picture plant.

An organized effort to oust, or at least standardize the moving picture censor, was planned at the convention.

The league plans to show why it is that the "censors are tending to put the moving picture producers out of business."

"If there was a single national censor over all productions, conditions would not be so bad," a motion picture maker said today, although we do not even sanction a national supervisor. The way it is now everybody censors us. There is a municipal supervisor, district supervisors of every size and description and by the time they get through chopping our productions we haven't anything left.

"We are against censorship in every form because we don't think we need it anymore than the theater or the newspaper needs to be censored."

Murderer of Two Richmond Policemen Makes Unusual Request of His Attorneys

Declares he Does not Want to Die in the Penitentiary—no Indictment Yet

Richmond, Ind., July 12.—"I don't want to die in the penitentiary—ask him, please, if he will not send me to the electric chair," was the plea made by Eli Carr, murderer of Patrolman G. M. Little and Patrolman Elmer Stephenson whose bodies were buried Monday afternoon. Carr in a drunken rage, at midnight last Friday shot down both officers at the Pennsylvania freight depot on North D. street. His trial probably will start before the end of the week.

The grand jury began its investigation of the tragedy Monday morning. Carr was taken to the court room where Judge Fox read the instructions to the grand jury. Witnesses being examined by the grand

STATE BAR MEETING OPENS

Annual Address Will be Delivered by Philadelphia Lawyer.

(By United Press.)

Lafayette, July 12.—Members of the State Bar Association today filed petitions for a two day outing. The request of more than two hundred were granted.

The first session of the annual summer meeting of the Association was held this afternoon at the club house of the Lafayette Country Club along the Wabash river north of the city. President Robert W. McBride of Indianapolis, spoke of "American Citizenship."

At a meeting at the Fowler Hotel the annual address will be given by Hampton L. Carson, a prominent Philadelphia lawyer.

Monday and today were Sherman Kavanaugh, J. C. McKinley, Howard E. Overman, H. K. Swan, Chauncey Burr, Van Buren McCauley, Earl Mitchell, W. T. Woods, D. B. Dowdy, W. G. Grant, Grovelle Bundy, Orville Ross, Rader Benson.

Young Ross, the colored lad who struggled with and overpowered Carr after Patrolman Little had loosened his grip as his strength ebbed away with his life blood, was called to testify this morning. Although it had been suggested that Ross be rewarded for his handling of the murderer, no action was taken by the police board last night.

The taking of testimony and continuing the investigation will not be completed probably until Wednesday night. No report is expected before that time. All of the time of the grand jury is being centered on this case.

In his instructions Monday Judge Fox made it explicit that at this time the grand jury is not to investigate anything else.

"You will not be requested at this sitting of the grand jury to investigate other matters, which it will be your duty to do before you are finally discharged. This busy season of the year, and the fact that some of you are farmers, will not justify you in continuing your investigations beyond the circumstances of the case to which your attention has been called."

He added that the grand jury would be called later for other investigations.

An indictment charging first degree murder, it is believed, will be returned. If such is the case, attorneys for Carr, today indicated that they would enter a plea of guilty for him at his own request. The attorneys did not say whether they would accede to his request to ask the judge to sentence him to the electric chair. Carr says that he is tired of living and that he has no desire to go to the penitentiary, for he believes it would be impossible to secure his release by any other means than death. He has not again attempted suicide.

Prosecutor Reller said today that the reason the grand jury is proceeding so slowly with the Carr case is the desire to leave absolutely no loophole through which the defense, if it is so desired, could wage a successful contest on technicalities.

"I intend that there shall be no slip in this case," he remarked significantly. "We shall demand the death penalty."

Aside from the eight regular club members, Mrs. Harry VanOsdol of Indianapolis attended the affair.

SWIMMING PARTY

The site of the old gun club has proven to be a popular spot for picnics, both large and small, and the cool shade near the water makes an ideal place. Twenty-five members of the class attended the meeting.

LAWN PARTY

The Rev. and Mrs. John Aikin gave a delightful lawn party last evening for the members of the Y. P. C. U. The lawn west of the church was prettily lit with Japanese lanterns, beneath the glow of which the young people had a gay time playing games. A short business

meeting occupied a part of the meeting and delicious refreshments were served by the host and hostess. About 35 young people were present.

Another card party was given last evening for the benefit of the Catholic carnival. This one was given in the K. of C. hall by the Ladies Aid society of the church. Fifty persons played in the card games and George Geraghty received the comfort which was given away by the ladies. Refreshments were served at the tables and a genial good time was enjoyed.

ARE WAITING FOR PAY DAY

Two Merchants Advanced Militiamen Money to Get to Company.

Warsaw, July 1.—Two Warsaw business men, Charles Kerr and Herbert Kehler, are today awaiting for the time to come when the Pennsylvania national guard receives its pay, for then they will receive \$10 which they advanced to a Keystone state militiaman who went broke here.

The two Warsaw men were impressed with the stranger's story of his long trip from Idaho to Pennsylvania to answer the President's call and patriotically gave him ten dollars to help him on his way. The other day they received a clipping from a Pennsylvania paper which said that their stranger had been promoted to a sergeantcy. With it was a letter in which the stranger, Rev. Michael D. Baumer, a Christian minister, promised to repay the loan.

WILL TRY OUT HIS SONG

Member of Company M. Believes he Has the Real Tune.

Princeton, July 12.—When Company M., second infantry, of Princeton, reaches the Mexican border, the company composer, John Hall Woods, will attempt to make his recently composed song the official song of the "Mexican war" just as Tipperary is serving the entente fighters across the Atlantic and just as "A Hot Time in the Old Town Tonight" was sung around the camp fires in the Philippines and in Cuba in the days of '98.

Reading an editorial in an Indianapolis paper while at Camp Ralston in which the question, "What song will the soldiers sing if we have war with Mexico?" was raised, Woods got busy with a pencil and piano and composed a song that became quite popular in the camp. The title of the song is "The Stars and Stripes Mean Just as Much as They Did in Sixty-one."

TWO PIONEERS HAVE EXPIRED

Mrs. Martha Cook, Age 94, is Dead Here, and Dr. I. N. Harris, Age 84, Succumbs at Columbus, O.

LATER'S FUNERAL HERE

Mrs. Cook had Interesting Life, Attending First Log School and Friends Church at Spiceland

Mrs. Martha Unthank Cook, familiarly known as "Grandma" Cook, a pioneer resident of eastern Indiana, died last night at 11:30 o'clock at the home of her daughter, Mrs. Lon H. Havens, 637 North Main street, following a long illness from senility. Mrs. Cook had been compelled to remain in bed for the past twenty-nine weeks suffering from exhaustion incidental to her advanced age and while her death was expected it never-the-less came as a shock to a large circle of friends and relatives.

Mrs. Cook would have been 95 years old had she lived until September 14. She was born at Greensborough, Gilford county, North Carolina, September 14, 1821. She moved to Indiana at the age of twelve years, settling in Henry county with her parents. While in North Carolina she was a school-mate of Joseph G. Cannon, congressman from Illinois. She was married February 23, 1840 to Thomas Cook. Her husband died February 6, 1899 in this city. Mrs. Cook attended the first log school and the first Friends' church at Spiceland and lived to see all the other churches erected there and saw the Spiceland academy take the place of the first log school house.

Mrs. Cook moved here from Spiceland and had made her home with her daughter for several years. Mrs. Cook enjoyed an active life and up until a year or two ago continued her needle work. Mrs. Cook was a life long member of the Friends church. She is survived by three children, Robert Cook of St. Louis, Mrs. W. W. Gregg of Illinois and Mrs. Havens.

The funeral services will be conducted Friday morning at 10:30 o'clock at the Havens residence by the Rev. H. Hole of the Friends' church of Carthage assisted by the Rev. W. M. Whitsitt. Burial will take place in East Hill cemetery.

Dr. I. N. Harris

Dr. I. N. Harris, age eighty-four years, formerly a dentist of this city, died at his home in Columbus, Ohio, yesterday afternoon of paralysis. His demise had been expected for several days because of his critical condition and relatives here kept in close touch with his daughter Miss Roberta Harris, who was caring for him. Dr. Harris left here five years ago.

The body will arrive here Thursday afternoon at 2:52 p. m. over the C. I. & W. railroad and will be taken directly to the First Presbyterian church where the funeral will be held at 3:30 o'clock. Burial will take place in East Hill cemetery. A brief history of the life of Dr. Harris has been prepared by a member of the family as follows:

Isaac Newton Harris was born in Pittsburgh, Pa., July 7, 1832, and when quite young caught the spirit to go westward and located in Rushville, which was then but a village.

He went to school in the old Rushville Seminary, which still stands in East Third street, the late Judge Bigger being one of the instructors.

Later on Mr. Harris studied den-

Three windows have been placed back of the bench and a the court room on the east side to door has been added leading from the library. The three windows back of the bench afford fine ventilation.

DATE FOR CATHOLIC CARNIVAL IS FIXED

Announced Today That it Will be Held in Park Back of Church July 25 to 29 Inclusive

The twelfth annual Catholic carnival will be held this year July 25 to 29 inclusive. As in years past the fair will be under the auspices of the young men of the church and will be held in the Catholic park.

The carnival will consist of many of the well known attractions such as the band concert, the merry-go-round, bowling alley, country stores and refreshment stands. This year the ladies of the congregation will conduct an exchange starting each afternoon at five o'clock. They will also have charge of the fancy booth where all hand-made articles may be procured.

One of the features will be the sketches put on by the dramatic club. Several amusing short dramas have been secured and a change of program will be given each night. The executive committee has started work on the plans and hope to make this carnival the best ever held.

DRY WEATHER PLEASES FARMERS

It is Favorable to Wheat Crop and Corn Will Grow Without Rain Until Ears Form

MILLS OFFER \$1 FOR WHEAT

The present dry weather will not retard the growth of corn in this vicinity to any great extent is the opinion of local persons who are familiar with the condition of the crop. According to them the corn will grow without the rain from now on until it begins to ear, and then rainfall is essential.

Dry weather at present, however, is favorable to the wheat crops. Last year rains in July and August caused a great loss in the wheat crop but if the present dry spell continues for another week it is probable that the entire crop will be harvested without rain loss. So far this year no farmers have made any arrangements with local mills for the selling of their wheat crop. The local mills are offering \$1.00 for new wheat.

NINE ROOM FARM HOUSE BURNS DOWN

Large Country Home North of City is Destroyed by Fire Starting in Defective Flue

ON THOMAS MCMANUS FARM

Fire starting from a defective flue resulted in the destruction of a nine room house on the Thomas McManus farm, north of the city Tuesday afternoon. The house, which was located on the old Dillon place, was occupied by James Stevens and family.

The men were all out in the fields working and when Mrs. Stevens discovered the fire it had gained great headway. In fact, by the time help was called the house was on fire to such an extent that very little of the household goods were saved.

When it was seen that it was impossible to save the house the men then turned their attention to the barn. The roof of the barn was on fire several different times but by heroic work it was saved. There are two barns at the McManus farm close together and one is practically new. Mr. McManus was unable to estimate his loss today. He carried some insurance but did not know the exact amount.

The Deutschland will lose no time in leaving Baltimore enroute back to Germany, Captain Koenig, said this afternoon. It is believed he will leave here Saturday or Sunday, going to Norfolk to complete his cargo. It is known that the allied net outside this harbor is being drawn tighter each day by the arrival of more vessels.

TEARS DOWN SOME BARBED WIRE FENCE

Bert Moorman Has to Chose Between Hitting Back End of Buggy and Taking to Ditch

ARM CUT; LITTLE DAMAGE

Rather than run into the back end of a buggy with his motorcycle, Bert Moorman chose the ditch and picked a place to fall. The accident happened near the Cliff Winship farm south of Rushville yesterday evening about five-thirty o'clock. Mr. Moorman tore down four sections of barbed wire fence and in the process of tearing also damaged himself to some extent.

His left arm was the worst cut by coming in contact with the barbed wire. It required eight stitches to close the various wounds. Mr. Moorman also sustained a slight cut on one of his legs. The motorcycle was not badly damaged.

Mr. Moorman was returning from a trip to Gwynneville, St. Omer and St. Paul. The dust was thick and he did not see the buggy until it loomed up in front of him. There was a motorcycle with side-car attachment going around the buggy at the same time and Mr. Moorman had to chose between going into the ditch and hitting the buggy.

ASKED TO GREET ROTARIANS HERE

Business Men are Urged to Turn out When Clubmen Pass Through Here Next Monday Morning

ON THE WAY TO CINCINNATI

Indianapolis Delegation Going to National Convention Will Have 300 Automobiles

The Rushville business men have been asked to turn out and greet the members of the Indianapolis Rotary club next Monday morning. The club will pass through here enroute to the National Rotary club convention at Cincinnati and a brief stop will be made here.

The Chamber of Commerce will likely tender a reception to the Indianapolis visitors. Information received here today stated that the Indianapolis Rotarians would make the trip in 300 automobiles and this sight alone should create sufficient interest to warrant a large crowd turning out and greeting the visitors.

The Indianapolis club will be accompanied by a big band and the parade will be worth seeing. The Rushville merchants may decide to meet the caravan at the outskirts of the city and escort them to the business district. The Indianapolis crowd will leave Indianapolis at 8:30 o'clock Monday morning and are scheduled to arrive here at 11 o'clock. Definite arrangements for the event locally will be made within a few days.

The route leads through this city, Connersville, Brookville and on to Cincinnati. Connersville is also preparing to welcome the Rotarians. If the crowd comes up to expectations it will number between 1,000 and 1,500 men and the parade of 300 machines should prove an interesting sight.

As the Indianapolis visitors go from here to Connersville the north steps of the court house, it is pointed out, would be an ideal place to hold a brief ceremony. The Indianapolis Rotarians are going to boost for Indiana at the national convention and will have one of the largest delegations at the meeting.

ENEMY ATTACKS REPULSED

(By United Press.)

Paris, July 12.—The allied great steam roller is moving eastward through the German lines exactly on schedule time.

The lull in fighting on the Somme front, reported in today's official statement, was marked down in advance on the time table of the allied offensive. The highest French military authorities declared today that the offensive is proceeding with all the mathematical exactness with which it was originally planned.

General Haig this afternoon reported that German troops regained some lost ground last night east of Albert but elsewhere the enemy attacks were beaten off with heavy losses.

tistry in Madison, Ind., and began his practice in Rushville, where he continued until the close of his professional career.

Dec. 18, 1861, he married Mary Jane Moffett, who passed away in Columbus, Ohio. Six children were born by this union, L. B. Harris, Moffett, Roberta, and Mrs. I. H. Plaffin who survive. He leaves also 2 grandchildren, Paul Harris and Roberta Plaffin, and one great-grand child, Ben.

Dr. Harris united with the First Presbyterian church of this city, in 1870, and for many years was active in the Marsonic lodge, and loved its symbols and ritual.

Nov. 5, 1910, Mr. Harris was stricken with paralysis from which he never recovered, his death was due to successive attacks.

Although Dr. Harris has resided in Columbus, Ohio, since 1911, he always regarded Rushville as his home, and his death removes another of the oldest citizens, who was identified with the earlier inhabitants and who contributed his past toward its development.

Amusements

Annette Kellermann will be seen in the spectacular pictorial triumph "Neptune's Daughter," at the Gem today. In presenting Annette Kellermann, "the perfect woman" in the massive production in eight parts, The Universal Film Mfg. Co., believes that it has uttered the last word in motion picture art. The wondrous beauty of the story written by Capt. Leslie Peacocke, the enchanting scenes afforded by the Bermuda Islands with their coral reefs, etc. and the company of over 1,000 players headed by Miss Kellermann, who aside from her marvelous aquatic feats, proves to be a wonderful actress; the masterly staging by Herbert Brenon, one of the world's greatest directors;—all these are factors which help to make "Neptune's Daughter" a play long to be remembered. The production cost the Universal \$50,000 and was three months in preparation.

The Princess offers the five act drama "The Galley Slave" for the program tonight. Theda Bara, Stewart Holmes, and Clara Whitney are featured. It is a powerful drama of human interest. Miss Bara leaves the part of the vampire in this picture and takes the part of an abused wife. She is said to be just as big a success in this kind of a role as that of the vampire. Tomorrow a double program will be given including the five act drama "The Golden Claw" and the comedy "The Best of Enemies." Weber and Fields, the famous comedians are featured in the comedy.

Taking the Home Paper.

Do you know of a person in this whole community who would be willing to go through life month by month and year by year without a knowledge of the news features of the county in which he resides? Would you like to be that person? It is difficult to convince the average reader of the real value of his home paper unless he has at some time or other been forced to do without it. Then it is that its value is brought home to them. Most people subscribe for the home paper, read it, enjoy it, and absorb the news it contains as a matter of course, giving

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. It is very much to be hoped by the people of Indiana generally that the epidemic of infantile paralysis does not spread to Indiana. The disease is not new to this state, but it has never reached the alarming stage that prevails in New York, where, with the best health department in the world, the disease continues to spread in spite of the efforts of officials. The Indiana state board of health is to be congratulated on acting quickly to arouse the Hoosier public to the seriousness of the epidemic so that it may be prevented here if possible. The large percentage of fatalities attending the disease strikes terror to the heart of people. It has repeatedly been stated that he germ causing the disease has been isolated, but this has just as many times been disproved so there is nothing to do when a case develops but to nurse it carefully and use every means known to the medical world to prevent its spread.

Mr. Sherley will have completed his seventh term in Congress next March. He is the ranking Member of the Appropriations Committee of which John J. Fitzgerald is Chairman. MOVIE ACTORS AT CONVENTION

Chance to Meet Your Favorite on
the Hoof if You Are Going to
Chicago Soon.

PRODUCERS BACK MOVEMENT

Plan Campaign Against Censor
Claiming Theatres do Not
Have to Stand For it.

(By United Press.)

Chicago, July 12.—Here's your chance to meet your favorite movie actor on the hoof. The exposition of the Sixth Annual convention of producers and actors and actresses of the screen opened in the Coliseum here today.

The convention—the business part of the meeting—closed yesterday. The exposition will continue until July 18.

The movie men's exposition is to be given over to the public and the public's favorite stars. Your favorite—whether Bushman, Pickford, Chaplin, Bayne, Stewart, Clark, Dawn, or anyone of scores of others—will be here to meet you in the flesh.

The players will pose and their pictures will be shown at the Coliseum within 24 hours after taking. Everybody is going to dance: public, stars, producers, exhibitors, all. Exhibitors will get acquainted with producers, the public will meet its stars; in fact it is going to be a real gottotgether meeting for those of, by, or for motion pictures.

Each day the crowd will be taken to some motion picture plant.

An organized effort to oust, or at least standardize the moving picture censor, was planned at the convention.

The league plans to show why it is that the "censors are tending to put the moving picture producers out of business."

"If there was a single national censor over all productions, conditions would not be so bad," a motion picture maker said today, although we do not even sanction a national supervisor. The way it is now everybody censors us. There is a municipal supervisor, district supervisors of every size and description and by the time they get through chopping our productions we haven't anything left.

"We are against censorship in every form because we don't think we need it anymore than the theater or the newspaper needs to be censored."

WANTS DEATH IN ELECTRIC CHAIR

Murderer of Two Richmond Policemen Makes Unusual Request of His Attorneys

HIS PLEA IS SENT TO JUDGE

Declares he Does not Want to Die in the Penitentiary—no Indictment Yet

Richmond, Ind., July 12.—"I don't want to die in the penitentiary—ask him, please, if he will not send me to the electric chair," was the plea made by Eli Carr, murderer of Patrolman G. M. Little and Patrolman Elmer Stephenson whose bodies were buried Monday afternoon. Carr in a drunken rage, at midnight last Friday shot down both officers at the Pennsylvania freight depot on North D. street. His trial probably will start before the end of the week.

The grand jury began its investigation of the tragedy Monday morning. Carr was taken to the court room where Judge Fox read the instructions to the grand jury. Witnesses being examined by the grand

STATE BAR MEETING OPENS

Annual Address Will be Delivered by Philadelphia Lawyer.

(By United Press.)

Lafayette, July 12.—Members of the State Bar Association today filed petitions for a two day outing. The request of more than two hundred were granted.

The first session of the annual summer meeting of the Association was held this afternoon at the club house of the Lafayette Country Club along the Wabash river north of the city. President Robert W. McBride of Indianapolis, spoke of "American Citizenship."

At a meeting at the Fowler Hotel the annual address will be given by Hampton L. Carson, a prominent Philadelphia lawyer.

Jury Monday and today were Sherman Kavanaugh, J. C. McKinley, Howard E. Overman, H. K. Swan, Chauncey Burr, Van Buren McCauley, Earl Mitchell, W. T. Woods, D. B. Dowdy, W. G. Grant, Grovella Bundy, Orville Ross, Rader Benson.

Young Ross, the colored lad who struggled with and overpowered Carr after Patrolman Little had loosened his grip as his strength ebbed away with his life blood, was called to testify this morning. Although it had been suggested that Ross be rewarded for his handling of the murderer, no action was taken by the police board last night.

The taking of testimony and continuing the investigation will not be completed probably until Wednesday night. No report is expected before that time. All of the time of the grand jury is being centered on this case.

In his instructions Monday Judge Fox made it explicit that at this time the grand jury is not to investigate anything else.

"You will not be requested at this sitting of the grand jury to investigate other matters, which it will be your duty to do before you are finally discharged. This busy season of the year, and the fact that some of you are farmers, will not justify you in continuing your investigations beyond the circumstances of the case to which your attention has been called."

He added that the grand jury would be called later for other investigations.

An indictment charging first degree murder, it is believed, will be returned. If such is the case, attorneys for Carr, today indicated that they would enter a plea of guilty for him at his own request. The attorneys did not say whether they would accede to his request to ask the judge to sentence him to the electric chair. Carr says that he is tired of living and that he has no desire to go to the penitentiary, for he believes it would be impossible to secure his release by any other means than death. He has not again attempted suicide.

Prosecutor Reller said today that the reason the grand jury is proceeding so slowly with the Carr case is the desire to leave absolutely no loophole through which the defense, if it is so desired, could wage a successful contest on technicalities.

"I intend that there shall be no slip in this case," he remarked significantly. "We shall demand the death penalty."

A NECESSITY

Mrs. Collier Says Could Not Keep House Without Black-Draught.

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Thedford's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it. Whenever I feel bad, I take a small dose, and feel better right away."

I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine. For three-quarters of a century (75 years), Thedford's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as the standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest.

If you have not tried it, get a package from your nearest dealer, today. He sells it in 25c and \$1.00 packages, making it cost you only one cent a dose. NCB3

Aside from the eight regular club members, Mrs. Harry VanOsdol of Indianapolis attended the affair.

SWIMMING PARTY

The site of the old gun club has proven to be a popular spot for picnics, both large and small, and the cool shade near the water makes an ideal place. The members of the class are to co-operate with the ladies of the church in this undertaking and a joint meeting will be held with them on Thursday evening, July 27th, in the assembly room of the court house to complete arrangements. Some money toward the pledge on the new church was also handed in. Book and other games featured the social hour during which the hostess served delicious refreshments. Twenty-five members of the class attended the meeting.

LAWN PARTY

The Rev. and Mrs. John Aikin gave a delightful lawn party last evening for the members of the Y. P. C. U. The lawn west of the church was prettily lit with Japanese lanterns, beneath the glow of which the young people had a gay time playing games. A short business

meeting occupied a part of the meeting and delicious refreshments were served by the host and hostess. About 35 young people were present.

CARD PARTY

Another card party was given last evening for the benefit of the Catholic carnival. This one was given in the K. of C. hall by the Ladies Aid society of the church. Fifty persons played in the card games and George Geraghty received the comfort which was given away by the ladies. Refreshments were served at the tables and a genial good time was enjoyed.

ARE WAITING FOR PAY DAY

Two Merchants Advanced Militiamen Money to Get to Company.

(By United Press.)

Warsaw, July 1.—Two Warsaw business men, Charles Kerr and Herbert Kebler, are today awaiting for the time to come when the Pennsylvania national guard receives its pay, for then they will receive \$10 which they advanced to a Keystone state militiaman who went broke here.

The two Warsaw men were impressed with the stranger's story of his long trip from Idaho to Pennsylvania to answer the President's call and patriotically gave him ten dollars to help him on his way. The other day they received a clipping from a Pennsylvania paper which said that their stranger had been promoted to a sergeantcy. With it was a letter in which the stranger, Rev. Michael D. Baumer, a Christian minister, promised to repay the loan.

WILL TRY OUT HIS SONG

Member of Company M. Believes he Has the Real Tune.

(By United Press.)

Princeton, July 12.—When Company M., second infantry, of Princeton, reaches the Mexican border, the company composer, John Hall Woods, will attempt to make his recently composed song the official song of the "Mexican war" just as Tipperary is serving the entente fighters across the Atlantic and just as "A Hot Time in the Old Town Tonight" was sung around the camp fires in the Philippines and in Cuba in the days of '98.

Reading an editorial in an Indianapolis paper while at Camp Ralston in which the question, "What song will the soldiers sing if we have war with Mexico?" was raised, Woods got busy with a pencil and piano and composed a song that became quite popular in the camp. The title of the song is "The Stars and Stripes Mean Just as Much as They Did in Sixty-one."
